SUB: Regarding performance of Batch type Centrifugal Machine KB2250

Sir,

We are pleased to comment on the performance of Batch type Centrifugal Machine KB2250 supplied by you in the year 2014, that performance of the said machine and the technical supervision rendered by you during erection of the machine has been found satisfactory on the basis of observation taken in the last year.

We wish you all the success for the up gradation of sugar machinery in the coming future.
